A Month of Progress
Does this month find you farther along than last one found you?
Does it find you better equipped in mind and body and tools for your daily work?
If it doesn't, you are slipping. There is no standing still in life. You are going forward—or backward.
Have you learned yet that the road to self-improvement lies through self-denial? The ages have taught that truth. Don't overlook it.
You are a better equipped man than you were a month ago if you have saved something; and you are a more independent man.
We hope your cash shows a better balance. If it doesn't, start to improve it right now—while the cash is in your hands; before too much of it is spent.
Start systematically—a fixed sum out of last month's earnings; a fixed sum out of every month's to come.
And put it in a Savings Account where it will in-
crease.
\$1.00 will start an account; compound interest will help it grow.

An Excited Depositor
Some time ago a depositor came to the bank greatly ex-
cited. He had a letter which promised trouble if he did not quickly pay a certain bill and he said he had already paid it once.
He paid that bill several months ago with a bank draft from this bank. This draft went to Chicago, was deposited in one of the large banks there and was returned to us when properly credited there.
We had the canceled draft and quickly found it for the patron. This proved his claim and the company wrote a letter asking his pardon for their blunder.
It's a good idea to use bank drafts when you send money away from home.

Physical Work Director Signed Up for Local "Y"

By George McManus.

STARTS SEPT. 1; MADE SUCCESS OF ARMY ATHLETICS

Arthur E. Bergman, for the past year physical director of the Ashland, Wis., Y. M. C. A., has been secured to take up the physical department of the local Y. commencing September 1, according to announcement made today by A. J. Steiner, general secretary of the Y. M. C. A. of Porter Cragg, who resigned in May.

The new man comes well recommended for two and a half years during the Great War, he was in army work, most of that time being stationed at Camp Green, North Carolina, as camp physical instructor with 11 men under his supervision. During the recruiting period, the camp cared for an average of 40,000 men, and also in charge of the physical department of the Y. M. C. A. at Hot Springs. He was an instructor in the Red Cross southeastern department.

Directing at Camp Douglas, Mr. Bergman's latest assignment is that of director of Y. M. C. A. work at Camp Douglas for the next six weeks, while Wisconsin national guardsmen are in training there. Football, baseball, basketball and track are given a big boost in all his activities, and it is expected that he will make a great effort to push these things here. He excels in swimming.

At Ashland, Mr. Bergman reorganized the physical work. He secured his technical training at Turner's association. Before entering association work, he was connected with the welfare department of the Milwaukee Electric Railway & Light Co. He started "Y" work as a volunteer at the Milwaukee association.

A DANGEROUS ANSWER.
"What," asked the lawyer of the expert witness, "leads you to conclude that the defendant is crazy?"
"Well, for one thing," replied the expert, "he's a golf player and talks nothing but golf."
"Hold on," interrupted the judge, "I'm going to have that answer stricken out. I play golf myself."—Detroit Free Press.

BRINGING UP FATHER

CONFIDENCE IS RUTH, WITH 31, FANS RUSH FOR SETS NEW MARK SUNDAY DUCATS

Smashing out two home runs in the second game of a double header with New York, Babe Ruth established a new record with a total of 31 for the season. His mark last year was 29.

AMERICAN LEAGUE.
The first game was won by the Yankees by hard hitting, 8 to 2. Chicago took the second match 8 to 5 by bunching hits in the seventh and eighth.

THE RED SOX AND THE INDIANS divided a double header. Cleveland took the first game 10 to 6, Boston the second 5 to 4.

WOLFHAN was bombarded by Philadelphia in the sixth inning, and when Welch scored a home run with two on the stack, the Blackmen won 9 to 4. Keefe was battered from the mound in the first. Griffin made his first hit since July 1 and his first error in 35 games.

DETROIT at Washington, rain.

NATIONAL LEAGUE.
Home runs were made galore yesterday. Vaughn made one in the third of the game between Chicago and Boston, won by the Cubs 5 to 0. Erratic fielding behind Rudolph helped Chicago to win.

It took 12 innings, but the Cardinals won from Philadelphia 3 to 2. Sherdel, steady throughout, paved the way toward winning his own game by getting a double in the twelfth. Cravath tied the score in the ninth by getting a double that drove in two runs.

Leading up to the ninth, the Dodgers lost out when Cincinnati staged a rally. Final score was 5 to 4. Daubert's double, a safe throw by Roush and a wild throw by Marmour lost the game.

AMERICAN ASSOCIATION.
Heavy hitting of Huhn won for Milwaukee from Columbus 5 to 4. Steady fielding helped Garvin in bad places.

SUPERB ENDURANCE
Tires

The tire merchants who seeks exclusive rights to sell Madison Tires in Janesville will enjoy the distinction not only of selling a notable tire, but of having a splendid organization back of that tire which assures sincerity of purpose and a moral obligation to render tire service.

The President of the Madison Tire and Rubber Corporation has been in the rubber business since 1880. His associates have been connected with the rubber business from fifteen to forty years. The \$1,300,000 factory in Buffalo is splendidly equipped with the most modern appliances. Sincerity of purpose is the Madison Creed and a superior tire is the result. Every executive and every craftsman engaged in building Madison Tires knows tires, tire construction and the reputation Madison Tires must sustain.

Madisons are better tires because they are hand-constructed. Better, because the materials are the finest money can buy. Fabrics and rubber cost from 10c to 70c per pound more than materials used in ordinary tires. Great care is exercised in every process of construction. All these things are done with one big purpose—to give every Madison Tire—Superb Endurance with resultant economy and service.

LAFOLLETTE STILL HOPE OF RADICALS

Janesville Leader of the Rank and File Says He Will be Nominated Next Month.

R. J. Keller, head of the Rank and File, a soldiers' organization, has been appointed organizer for the society for the states of Wisconsin and Illinois. He will have his headquarters in Janesville. Mr. Keller was a delegate at the Chicago conference at which the farm and labor ticket was put in the field and the Committee of 48 went home after playing to a fusion.

"There will be another convention in about thirty days," he said to the Gazette, "and another candidate will be put in the field by a combination of the World War Veterans, the Rank and File, and the Private Soldiers and Sailors Legion. We want to nominate Senator LaFollette and if he will accept, the name of the Rank and File party will pull out and let the Wisconsin man have the field. If that is done the ticket with LaFollette at the head will be endorsed by the committee of 48."

JANESVILLE CLAIMS HIGHEST PER CAPITAL DEPOSITS IN STATE

Janesville, with a total of \$10,004,821 in deposits in the five local banks has gone far ahead of Vaucluse, which is about the same population as Janesville, and has but \$9,498,297 in bank deposits, leaving a difference of \$566,523 in favor of Janesville.

Wausau claims the highest per capita deposit of any city in the state, of \$506 for every man, woman and child in the city. Janesville shows a per capita deposit of \$547.09. In savings deposits alone, Janesville has \$3,900,000. Each depositor of savings in local banks has an average of \$295.12, while the per capita savings deposits for the entire

population would be \$213.10. When it is considered that Janesville, out of a city of 38,203, has a host of 13,200 persons holding savings alone, it is no wonder that the bank deposits have leaped to amazing figure.

Firestone Cushion Truck Tires

Many truck tire problems in many lines of business are answered by Firestone Cushion Tires.

They have added cushioning power needed for proper protection to your load and truck. They have the wearing strength needed for maximum mileage.

12% to 27% More Rubber

Firestone Cushion Tires have a greater volume of material. That is one reason why they ride easier. It is obvious, too, that this means longer wear. The extra wide tread provides approximately 20% more area of road contact—giving firmer traction under all conditions.

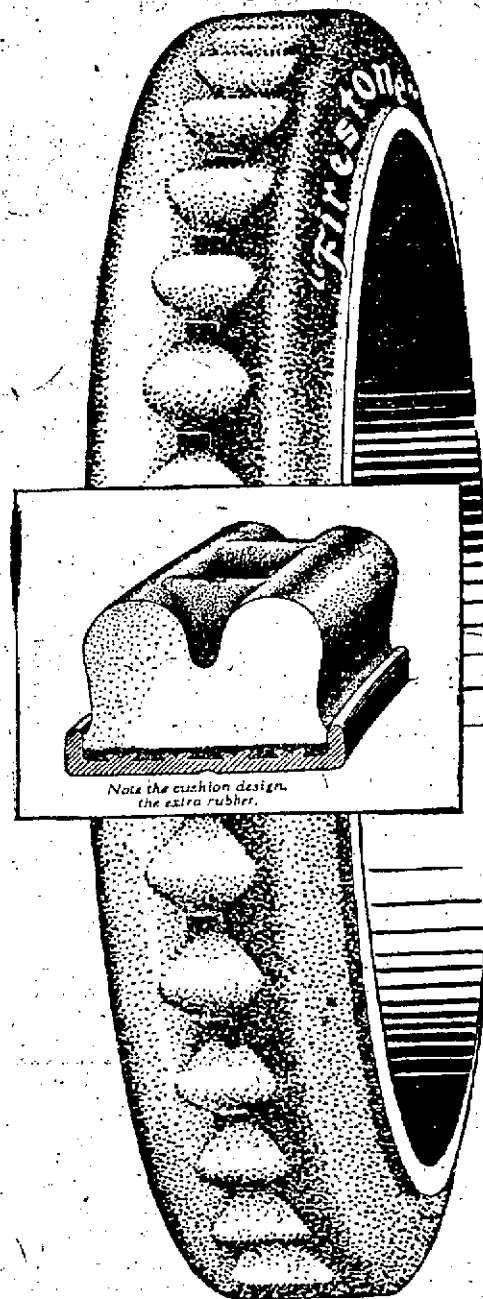

300% More Efficient in Heat Radiation

Overheating is a common danger to truck tire equipment. But Firestone engineers have evolved this special Cushion shape that lessens the strain through a different flexing of the rubber and gives a greater surface for heat radiation.

Any Truck Immediately Equipped

Firestone Cushion Tires are built to fit any S. A. E. base. No wheel changes necessary. The nearest Firestone truck tire dealer can apply them to your trucks and trailers without delay or added expense.

If you want resiliency plus extra-long wear, and if you want the practical economy of most miles per dollar, put on Firestone Cushion Tires. Made in all sizes.
